

Carbide Tipped Shell End Mills

Carbide Tipped cutting tools offer excellent heat and wear resistance, increased speeds and feeds and enhanced tool life.

STANDARD PACKAGE All sizes — 1 each

Fraise à surfacer en bout à pointe au carbure

Fresa de concha con punta de carburo

List No. 5858 for Non-Ferrous Materials

Right hand helix flutes. Large open flutes for increased chip capacity in non-ferrous materials.

List No. 5859 for Cast Iron

Straight flutes for cast irons.

List No. 5860 for Steel

Left hand helix flutes absorb the impact shock when entering steel.

Carbide Tipped Side Milling Cutters for Steel

Straight Tooth

Recommended for production milling in steel

Carbide Tipped cutting tools offer excellent heat and wear resistance, increased speeds and feeds and enhanced tool life.

Fraise à pointe au carbure

Fresa cortadora con punta de carburo
